## Hope for the Homeless

All Proceeds go to: God's Extended Hand Ministries, which provides, through the help of partners and sponsors like you: meals, overnight shelter, clothing, religious counseling, mental health counseling, legal assistance; a food pantry; and haircuts to San Diego's downtown homeless population. The Regional Task Force on Homeless reported in May 2015 that San Diego's homeless population population is 5,538 people. The 800 homeless living downtown is 25% more than last year. Your help is desperately needed.
